

ACCELERATED BACHELOR OF ARTS IN SECONDARY EDUCATION MATHEMATICS

CONNECT MATHEMATICS TO LEARNERS

Develop and enhance your fundamental understanding of math through our accelerated, online teaching program. Establish the ability to teach mathematics to secondary education students with effective teaching practices. Introduce and improve students' problem-solving and critical thinking skills for use in both math and STEM-related courses.

Upon completion of this online accelerated program, you will earn your Bachelor's degree in Secondary Education - Mathematics and your Wisconsin teaching license. The accelerated courses can be scheduled to complete this program in three years or at the pace you prefer.

This is a program for Wisconsin teacher licensure. This program does NOT grant graduates a Michigan teacher license. A Michigan resident who takes this program would earn both a bachelor's degree in Secondary Education and a Wisconsin license. If he/she wanted to transfer that license to Michigan (or any other state), there is a process outlined by the individual state education departments. For Michigan residents, the Michigan Department of Education would outline the steps necessary to see if a license can be transferred.
