

# WI TEACHER LICENSURE

Joanna Binsfeld, Madison Center CAPTL Student

**What is appealing about this degree program?** I found this degree appealing because of the transparency of the program. I knew exactly the courses I would be enrolling in and the timeline. I found this to be different from other programs I researched for my teaching license. It also seemed manageable as I am coming to this as a second career (I spent 12 years working in higher education at the University of Wisconsin Law School) so I wanted something that would be efficient in terms of time. I also appreciate knowing class is Wednesday nights and will not change. My family know Mom is in class Wednesday nights and can plan accordingly. For a working parent, this is very helpful!

**How are the courses?** The courses have been well planned out to get us to the end goal. They are challenging, but so much of the content is directly related to my work in the high school setting (I am completing my second year working as a Tutor and Study Hall Supervisor). I could discuss a theory in Wednesday's class and see it illustrated the next day in the high school. All the instructors are professionals and have extensive teaching experience.

**When you complete this program, what degree will you have earned and what grades and subjects will you be able to teach?** When I complete this program I will be a licensed Business Education teacher (Early Childhood through Adolescence K-12). Most Business Education teachers are in the high school setting.

## COHORT MODEL

Make a difference and become a licensed teacher. Take accelerated classes at Concordia. This program gives you the opportunity to earn your Wisconsin teaching license and a master's degree in one condensed program.

You can earn an MS in Education - Teaching and Learning, with initial teacher licensure.

- Just 24-36 months
- 1 evening per week
- Transfer in up to 6 graduate credits
- Small class sizes
- Instructors offering real world experience
- Classes will be taught virtually if necessary
